

# PROJECT: DENTISTS CARE

## Volunteer Participation Form

This form is provided to help Project Dentists Care (PDC) coordinators from each affiliate dental association recruit volunteer dentists and broaden the PDC network of assistance.

Project Dentists Care, Inc. is a non-profit, charitable organization established in 1993 to recruit volunteer dentists to provide dental care to economically disadvantaged and underserved Floridians. PDC volunteers have an opportunity for public recognition and community service that fosters a positive image of the dental profession. In addition, PDC volunteers may qualify for up to seven hours of continuing-education credit.

Each February, Give Kids A Smile (GKAS), the Florida Dental Association's signature program for Children's Dental Health Month, provides free dental care to Florida's needy children. Give Kids A Smile is an American Dental Association program administered in Florida through Project Dentists Care. The FDA will launch a comprehensive media campaign to publicize GKAS, and the FDA Governmental Affairs Office will invite legislators to GKAS events. Your participation in GKAS and other charitable programs will make Project Dentists Care a great success.
